

SilcaGrate™

Create Beautiful Stone Decks With Ease

SilcaGrate transforms ordinary decks into extraordinary elevated patios. Perfect for applications where lumber or composite lumber would have otherwise been the only choice.

A BETTER WAY

Reduces Construction Time

Fastens to floor joists with standard deck screws.

Cuts easily for custom applications.

Each SilcaGrate covers a 2 sq. ft area.

Freedom to Create with SilcaGrate

SilcaGrate is a reliable, affordable eco-friendly, attractive, high-quality, and low maintenance choice for homeowners. One of the best things about using SilcaGrate is that you can build your stone deck right on top of your existing deck frame and joists. It is a great choice for decks, patios, balconies, pool decks, porches, stairways, gazebos, ramps, sidewalks, and docks.

Wood to Stone Decks

SilcaGrate provides a sturdy, all-weather subflooring which easily supports the weight of natural stone pavers like travertine, granite, marble, slate, and other brick pavers. SilcaGrate is incredibly quick and easy to install and designed for new and remodeled decks.

Advantages of SilcaGrate:

- ◆ Engineered for strength and easy installation
- ◆ Easily creates multi-levels or stairs
- ◆ Eliminates concern of settling or heaving
- ◆ No excavation or backfill needed
- ◆ Reduces construction time
- ◆ Made from recycled polymers
